

I sincerely hope that Indiana's no-call list will remain unchanged. I work at home and it is so nice to not receive annoying soliciting calls or "courtesy" calls. Calls are not "courteous" if they are unwanted. Please, do not change Indiana's no call list. You may want to adapt it to fit your needs. I pay for my phone. I want to use it when I need to. I do not pay for the privelege of others annoying me.
